01. Our Brand

1.3 Purpose, Mission & Vision

Purpose

To provide Experts with the blueprint to be the best in the industry and help them build their business, achieve their personal goals and maximise their earning potential.

Realise *Your* Future

Vision

To revolutionise the UK market and raise standards in the industry. Also, improve the public perception of estate agents and make it an aspirational career by helping Experts provide a first class service and achieve outstanding results for their clients.

The *Future* of

Mission

To give Property Experts training, coaching, mentoring, support, and the tools to grow their personal brand and build their business. Bringing the best in the industry together to be part of a community that helps and supports each other and shares best practice.

***Equipped* for the Future**

02. Our Identity

2.1 The Mark

2.2 Full Identity

2.3 Free Space

2.4 Scale & Positioning

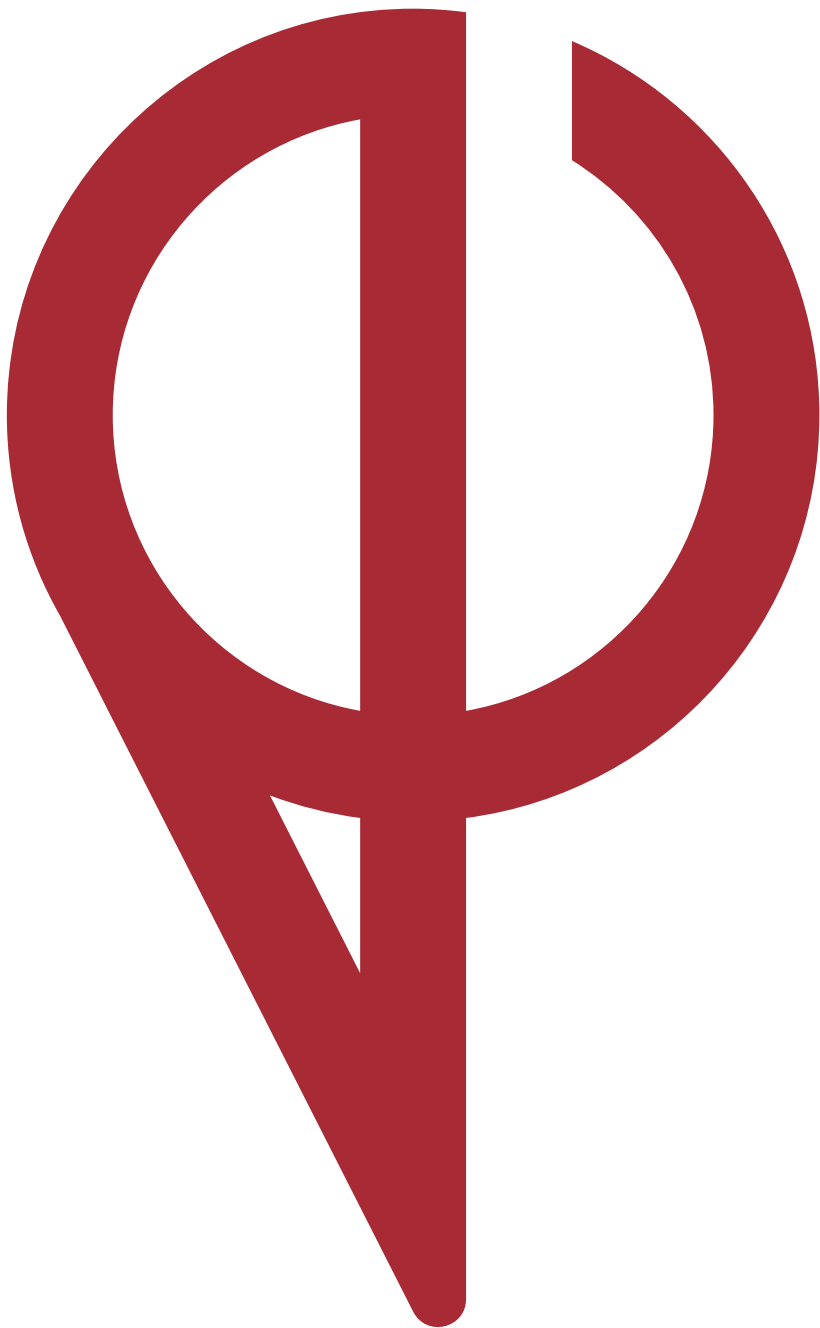

02. Our Identity

2.1 The Mark

Our mark has been crafted to provide a new, dynamic and informative face for the brand.

This showcases our ethos of local knowledge with national exposure, growing both nationally and globally by placing Experts in locations wherever there is a need for quality estate agency services.

02. Our Identity

2.2 Full Identity

Shown here is the preferred version of our logo when being placed over a light background.

The location pin mark should always be highlighted in {Expert Colour} to ensure consistency for the brand.

The wordmark should appear in this fixed format and should never be altered or redrawn in any way.

Expert Group Red
CMYK: 24/93/72/18
RGB: 167/42/53
HEX: E31F36

Expert Grey
CMYK: 68/58/54/60
RGB: 59/59/60
HEX: 3B3B3C

02. Our Identity

2.3 Full Identity

To allow for more space across collateral that requires a heavy amount of content, a secondary variation of the logo has been created. This ensures both the logo and subsequent content can be read clearly, without the document appearing cluttered or cramped for space

02. Our Identity

2.4 Free Space

The gap between the mark and the wordmark is 15% of the scale of the icon and the wording is only ever placed to the righthand side of the symbol.

The free space that surrounds the logo is required to ensure it remains clear and impactful and prevents the logo from becoming cluttered or diminished.

As a first priority, nothing should ever appear in the exclusion zone, which is defined by at least the size of the symbol scaled down to 50% in both width and height.

This optimum white space remains consistent across all sizes.

03. Our Main Colours

3.1 Main Group Colours

03. Our Colours

2.1 Main Brand Colours

Our primary colour palette has been designed to reinforce our brand values and ensure that the tone of voice is consistent, not only in what we say but how we present it too.

04. Our Imagery

4.1 Our Experts

4.2 Imagery

04. Our Imagery

4.1 Our Experts

Our Experts are at the heart of everything we do and they represent our brand from city to city.

It is important for us to showcase our team to build recognition and relationships between our consumers and their Local Experts.

This type of imagery should be used across collateral that references (be it directly or indirectly) the Local Expert, ensuring our consumers are able to best associate names and properties to real faces.

Guidance as follows:

- We advise that the shots be taken full length, full colour and against as plain a background as possible (preferably white).
- The shots to be as friendly as possible, smiling with shoulders facing the camera, front on to show openness.
- Full length images to then be cropped to suit application, but mainly cropped at chest

04. Our Imagery

4.2 Lifestyle Imagery

We use lifestyle imagery to spotlight the real journey that our consumers embark on with the guidance of our Local Experts. This is designed to give our consumers peace of mind thanks to the expert advice that is given at every stage of the journey.
